## Newsletter

2014 is almost over but we will be going out with a bang on December 7 with the third annual Christmas Cup Enduro race meeting.

The Christmas Cup Enduro will be our last meeting for the year with club championship presentation also taking place during the meeting. The event gets bigger every year and is a great way to end the season.

Our club championship wrapped up on the November 16 race meeting. We saw some of the closest racing in the history of the club with some classes going right down to the final minutes of final races of the year. Congratulations to all of our class champions for 2014.

Over the Christmas New Year break, we are looking at upgrading our computer software. The

committee will make its decision and make it public in due course.

If the software is upgraded, it is likely that we will be having a trial/practice day on either the 4th or 11th of January ahead of the first race meeting of the year on the 18th.

Good luck to all those competing in the Christmas Cup Endurance races.

On behalf of the Newcastle On-Road RC Car Club, we would like to wish our supporters and competitors a safe and happy Christmas and we look forward to seeing you all in 2015...

## Christmas Cup Endurance Race Day

The 3rd annual Christmas Cup Endurance Race day will be held on the 7th of December. The day will also involve presentation for the 2014 club championship.

We will have qualifying with 2 heats followed by long distance races. There will be four 30-minute races, one each for:

- 1/5th scale
- Mini
- Nitro

- Vintage Trans-am

There will also be 2 classes that will have two 15-minute races:

- Novice
- Pan-Car (1/12th scale/ World GT/Formular 1)

Trophies will be awarded for 1st, 2nd & 3rd. For the 15-minute races we will use point scores to determine trophy winners.

All other classes present on the

day will run to regular schedule and will be spread between the endurance races. We will do our best to see that no-one ends up in back-to-back endurance races.

Endurance races are a great challenge for everyone so good luck to all those who compete in this year's Christmas Cup.

## 2014 Championship Wrap-up

The 2014 Club Championship has been run and won. It has been the biggest year by far for the club, stepping up with 9 very competitive classes.

It has been fantastic to see new faces, new cars and new winners in the club and we hope they all continue into 2015.

The racing itself has been fantastic with some classes going right down to the final race of the year with some competitors under 10 points apart at the end.

Congratulations to all of our class winners and good luck to everyone in 2015.

## New Point Scoring System for 2015

The 2015 club championship will take on a new point scoring system (right).

The first 3 heats will award 10 points for a win down to 1 point for a 10th place finish, while the final will award more points as it often carry's more emphasis.

Other rule changes include:

- A car must complete at least 1 lap during a race to be eligible for points.
- A class must run at least 6 times a year to be eligible for Trophies.
- A competitor must run at least 6 times to be eligible for a trophy.
- A competitor must be a financial member of the Newcastle On-Road RC Car Club to be eligible for a trophy.
