Newsletter

We're 6 events into the 2015 championship and our big events are drawing closer.

Firstly, the 14th of June will be our 1/5th race day. At a recent committee meeting we have agreed to open the event up further and to allow 1/10th Nitro cars to compete along with the 1/5th Minis and Touring cars. This event will also be part of the

1/5th championship for the club based in Sydney.

Further details for the Newcastle Grand Prix in September are also being finalised by the committee and will be released shortly.

The Committee has set a date the 2014-15 AGM for the club. It will take place on the 19th of July

after the race meeting has concluded. All club members are invited and encouraged to attend. Further details are in this newsletter.

A working bee will also be held on the 31st of May with free practice afterwards.

Annual General Meeting: 19/7/2015

The Annual General Meeting for the club will take place on the 19th of July after the race day. As most members will be present at the race meeting, we feel it is best to hold the AGM with as many members as possible.

All club members are welcome and encouraged to attend. If you have a question or issue that you wish to bring up, the AGM is the place.

Positions on the committee will also be up for grabs, so if you

would like to be involved more with the club, you are most welcome to put your name forward for a position on the committee at the AGM.

Positions include:

- Club President
- Club Vice President
- Treasurer
- Secretary

- Public Officer
- Race Director
- Electric Representative
- Nitro Representative
- 1/5th Scale Representative
- Committee Member (x3)

2. Wayne Bradshaw 177
3. Iain Turner 88

Sportsman

1. Greg Wood 224
2. Barry Storey 156
3. Sam Walker 147

Equipment Storage

After the recent break-ins at Williamtown, the committee is investigating the implementation of a storage container for tents, tables and any other equipment that members wish to leave at the track. For now however, we recommend that everyone takes all of their equipment home with them.

We are investigating with AARCMCC about the possibility of insurance from the stolen items. Further details will follow as we get them.

Driving Standards

There have been several incidents in multiple categories where driving standards have come into question. In the lead-up to big events we will have many faster competitors practicing with us and we do not want a reputation for being a club with a bad reputation.

If you do cause an incident on the track, please address it yourself so the race director doesn't have to step in.
